Dive-In With PADI and SeaLife

Beaches® Resorts, considered one of PADI's top 5 diving operations in the western hemisphere, is thrilled to partner with Professional Association of Diving Instructors (PADI) and SeaLife Underwater Cameras to host Dive-in with PADI at Beaches Turks and Caicos. Guests can now immerse themselves in five days of exhilarating aquatic adventures and explore the endless blue waters around the award-winning Luxury-Included® Resort, from September 21-25, 2018.

SeaLife, the leader in underwater imaging will have several of their brand ambassadors to show, tell and teach the basics of underwater photography and video with camera demos, and the participants' ability to take some great underwater images. The participants will be able to keep the photos and videos, and they'll also receive a discount coupon for purchasing their own SeaLife camera. SeaLife is also sponsoring a prize drawing at the beach Bonfire for one of their Sea Dragon Dive lights.

About SeaLife:

SeaLife Underwater Cameras are made by Pioneer Research in Moorestown, NJ and were first introduced in 1993. In 2000, SeaLife developed the world's first digital underwater camera. In 2007, SeaLife developed the first non-housed digital underwater camera, and in 2013 SeaLife introduced the powerful Sea Dragon Lighting system and its innovative Flex-Connect tray, grip, arm, and accessory system. In 2014, SeaLife introduced the Micro HD, the world's first permanently sealed underwater camera, followed by the new Micro 2.0 in 2015 and the cutting-edge DC2000 underwater camera in 2017. SeaLife cameras, lighting and accessories are sold and serviced in 64 countries around the world.
