## **SeaLife Launches Instant Savings Program on Popular Sea Dragon 2500 Lights, Camera Sets**

SeaLife, the manufacturer of the popular Sea Dragon line of underwater lighting announced today their Instant Savings Promotion for its Sea Dragon 2500 lights, light sets and camera & light sets.

The Sea Dragon 2500 is known for its powerful 2500 lumen brightness, incredibly wide 120 degree beam angle, and optimal color rendering index of 90 (CRI) producing rich, brilliant colors underwater. The Sea Dragon is available in a variety of configurations, from head only to dual light set, and also with a SeaLife Micro 2.0 or DC2000 camera included.

SeaLife's Instant Savings Promotion starts on August 1, and is good while supplies last through participating US SeaLife dealers.

**About Sealife:**

Sealife Underwater Cameras are made by Pioneer Research in Moorestown, NJ and were first introduced in 1993. In 2000, Sealife developed the world's first digital underwater camera. In 2007, Sealife developed the first non-housed digital underwater camera, and in 2013 Sealife introduced the powerful Sea Dragon Lighting system and its innovative Flex-Connect tray, grip, arm, and accessory system. In 2014, Sealife introduced the Micro HD, the world's first permanently sealed underwater camera, followed by the new Micro 2.0 in 2015 and the cutting-edge DC2000 underwater camera in 2017. Sealife cameras, lighting and accessories are sold and serviced in 64 countries around the world.
