The logo for SportDiver, featuring a red and white diver's flag icon to the left of the brand name "SportDiver" in a bold, black, sans-serif font.

Capture incredible memories with your phone!

SeaLife **SportDiver** underwater smartphone housings are compatible with, and can encase most Android™ phone models and iPhones from iPhone® 11 & up.

There are two sizes of SportDiver model; the standard size fits most phones and the SportDiver Ultra holds larger “ultra” sized Android phones and the iPhone 17 Pro Max. Check the online fit guide for details.

The free SportDiver app, available at the App Store or Play Store, captures photos and video directly to your phone’s camera roll, and works with the current and prior generation of the OS.

The **SportDiver app** allows you to control advanced camera settings, like Zoom, Lens Selection, Video Resolution, Adjust Zoom, Exposure, Manual Focus, White Balance, RAW+JPEG Mode, and more, as if you were using a more sophisticated underwater camera.

SportDiver housings offer fast and easy playback, and the clear back of the housing has a full unobstructed view of your screen and underwater environment.

Underwater Smartphone Housings

SportDiver

Item SL400-U

Features

The SportDiver housing dives to 130'/40m and works with iPhones 11 & up through the 17 Pro, hold most Android models up to "plus" sizes. The housing allows expansion with lights and lens accessories easily. A three-point mounting rail is on the base of the housing.

SportDiver SL400-U Specs

App: "SportDiver" available Free in App & Play stores
App Languages: English, German, Italian, Spanish, Dutch, French
Compatibility: sealife-cameras.com/sportdiver-compatibility
Depth Limit: 130'/40m
Batteries: 2x AAA (included); 50-hour life
Leak Avoidance: Moisture Detection and Vacuum Pressure System (visual & audible)
Lens Port: Optical Glass Port, allows attachment of lens accessories and filters
Accessory Mounts: 3x (1/4-20 tripod type thread mount)
Internal Dimensions: 165mm x 80mm x 9.7mm
Weight: 24 ozs. (680g) – Housing only with color filter & batteries
Buoyancy: 80g Positive (Housing only)
Includes: Red Color Correction Filter, Spare O-rings, O-ring lube, Padded wrist strap, Moisture Muncher capsule, Vacuum pump, 36 Grip Tabs (3 sizes for fitting phone), Custom fitted travel case

SportDiver Ultra

Item SL405

Features

The slightly larger SportDiver Ultra housing dives to 130'/40m and works with all iPhones 11 & up through the 17 Pro Max, and larger Android "ultra" size models.

The housing allows expansion with lights and lens accessories easily. A seven-point mounting rail is on the base of the housing.

SportDiver Ultra SL405 Specs

SportDiver Housing & Light Sets

SportDiver Ultra Duo 5000 Set Item SL407

The SportDiver Ultra Duo 5000 Set is the ultimate underwater smartphone housing and light system combining the SportDiver Ultra with two Sea Dragon 2500F Photo-Video lights, on the Flex-Connect Ultra Dual tray with two grips. Two lights sufficiently cover the widest shooting angles for best color and brightness. The housing and light set is ready to dive!

Includes: SportDiver Ultra Housing, 2x Sea Dragon 2500F light heads, Flex-Connect Ultra Dual Tray, 2x Flex-Connect Grips.

 **SportDiver™**

Underwater Smartphone Housing

SportDiver Pro 2500 Set Item SL401-U

The SeaLife SportDiver Pro 2500 Set includes the compact and lightweight SportDiver underwater housing for smartphones for use down to 130 feet or 40 meters. The SportDiver can hold the iPhone® 11 & up through iPhone 17 Pro, and many Android™ models.

The SportDiver Pro 2500 Set includes the Sea Dragon 2500F Photo-Video Light for brilliant and colorful underwater images and video and is accompanied with a grip and tray for smooth, steady imaging.

Includes: SportDiver Housing, Sea Dragon 2500F light, Flex-Connect Single Tray, Flex-Connect Grip.

SportDiver Ultra Pro 2500 Set Item SL406

The SeaLife SportDiver Ultra Pro 2500 Set features the slightly larger SportDiver Ultra underwater housing for smartphones for use down to 130 feet or 40 meters. The SportDiver Ultra can hold the iPhone® 11 & up through the 17 Pro Max, and most Android™ models including "ultra" sizes.

The SportDiver Ultra Pro 2500 Set includes the Sea Dragon 2500F Photo-Video Light for brilliant and colorful underwater images and video and is accompanied with a grip and tray for smooth, steady imaging.

Includes: SportDiver Ultra Housing, Sea Dragon 2500F light, Flex-Connect Single Tray, Flex-Connect Grip.

SeaLife's easy-to-use underwater camera

PERMA Seal™
Never Leak Technology

micro3.0™

Item SL550

The compact Micro 3.0 makes it easier than ever to capture stunning underwater photos and video. Since the camera is sealed, there are no O-rings to maintain and no possible leaks to worry about. The Easy Setup Mode ensures the camera is set properly.

The three wide "Piano Keys" and a large shutter button make it easy to control all camera functions so you can capture high resolution 16MP still images or record 4K Ultra-HD video with a single touch. The Micro 3.0 has three color correcting underwater scene modes plus Manual white balance to fine tune colors in all conditions.

The Micro 3.0 advanced features include the ability to shoot RAW images with virtually no shutter lag and rapid-fire burst mode at 10 frames per second for fast moving subjects. The high-capacity battery lasts three hours or more on a single charge. Use the Micro 3+ app to download photos and videos to your smartphone or tablet. Expandable with popular Sea Dragon photo-video lights and close-up lenses for macro photography.

2.4"/6cm hi-res display and large "Piano Key" controls for easy underwater use

Charging and file transfer through the waterproof USB port

Rugged, compact design with no doors or openings

Permanently sealed – no O-rings to maintain

16 megapixel SONY® image sensor for sharp colorful images

260K hi-res 2.4" TFT color LCD

4K Ultra HD Video @ 30fps and 1080p HD video @ 120fps

Five Land & Sea™ scene modes with color correction

Wireless downloading with SeaLife Micro 3.0+ App

Three built-in underwater color correction filters

100° Wide Angle Lens fits everything into the shot

RAW/JPEG image format – JPEG & DNG still image files

Burst Shooting Mode – Ten 16MP JPEG photos per second

Manual White Balance to customize color correction

64GB internal memory – thousands of photos, hours of video

Easy Setup Mode with on-screen guide and easy menus

Waterproof to 200ft / 60m

Internal 2000mAh Li-ion Battery – 3+ hours of use

Compact design for easy handling and lightweight travel

Expandable with popular SeaLife® accessories

Rubber Armored – impact & shock resistant body

Focus from 15" (38cm) to infinity (Get closer with optional super macro & +10 close-up lenses)

Lighting is one of the most important components of underwater photography. Combine the Micro 3.0 with powerful Sea Dragon lights to bring out true colors in photos and videos

Camera & Light Sets

Micro 3.0 Pro Dual Beam Set

Item SL554

Combine the Micro 3.0 with the **Sea Dragon 3000SF Pro Dual Beam** Photo-Video light, and you have camera with photo/video/ dive light in a compact package that's incredibly versatile and travels easy. With a simple one-button push, you can switch from the **wide 3000 lumen 120° beam to a narrow 1500 lumen 15° spot beam**. The light also includes two red LED's for night dives.

Includes: Flex-Connect Single Tray, Flex-Connect Grip, Sea Dragon 3000SF Pro Dual Beam light, and Micro 3.0 underwater camera.

Micro 3.0 Pro Duo 5000 Set

Item SL553

The Micro 3.0 Pro Duo 5000 Set is equipped with two Sea Dragon 2500F lights on a dual tray and two ergonomic Flex-Connect grips for comfort and adding steadiness to shooting both video and stills. The two 2500 lumen Sea Dragon lights offer more than complete coverage of the entire frame, and feature a very warm and high color rendering (CRI) for spectacular natural colors.

Includes: Flex-Connect Dual Tray, 2x Flex-Connect Grips, 2x Sea Dragon 2500F lights, Micro 3.0 underwater camera.

Micro 3.0 Pro 3000 Color Boost Set

Item SL555

Combine the compact and easy to use Micro 3.0 with the color-rich wide beam of the Sea Dragon 3000F Color Boost Photo-Video light and you have the perfect compact package for exploring reefs, wrecks and deeper dives where capable lighting will make your images and videos shine with color.

The Sea Dragon 3000F has an easy single dial & button design that lets you adjust color temperature, and brightness from 10% to 100% with its light intensity dial.

The light has a rechargeable battery that lasts an hour at full power (3000 lumens).

Includes: Flex-Connect Single Tray, Flex-Connect Grip, Sea Dragon 3000F with Color Boost light, and Micro 3.0 underwater camera.

Micro 3.0 Reef Edition Set with Wide Angle Lens

Item SL557

The **SeaLife Micro 3.0 Reef Edition** includes the Micro Wide Angle Dome Lens (SL052) adding over 40% shooting angle to images & video. The dome lens also allows for 3x closer focusing to as close as 5" (12.7cm) and maintains image sharpness over the entire image. The Micro 3.0 camera offers impressive still images with its large SONY® 16MP CMOS sensor, and vibrant 4K Ultra HD video. The Micro 3.0 has a large 3-plus hour battery good for a full day of diving and built in 64gb of memory to store thousands of photos and hours of video.

Includes: Micro Wide Angle Dome Lens and the Micro 3.0 underwater camera.

Underwater Lighting

Sea Dragon 3000F Color Boost™

Item SL681

Featuring 3000 lumens in a smooth 120° wide beam and offers a 90 CRI (color rendering index) that replicates natural sunlight. With its Color Boost mode, the Sea Dragon 3000 Color Boost™ adds vivid colors to underwater photos and video. The light offers a 5000K (Kelvin) color temperature. When Color Boost is activated, the color temperature warms to 3900K for a vibrant and colorful effect. The knurled intensity dial allows the user to easily adjust brightness from 300 to 3000 lumens. With a simple push of the dial, the light switches from 5000K color temperature to Color Boost (3900K). The light also offers a red-only stealth mode, with two red 300 lumen LEDs.

120° flood beam
3000 lumens

Red LEDs
Mount Included

Includes Flex-Connect single tray, grip, 25Wh Li-Ion battery, charger and case. Also available as light head only (Item SL6811).

Sea Dragon 5000+ Color Boost™

Item SL680

The compact Sea Dragon 5000+ Color Boost Photo-Video light is a powerful imaging light that replenishes lost colors underwater by combining red and white light wavelengths for a balanced, warm effect. With a simple one-button push, you can switch from a brilliant 5000 lumen beam to the Color Boost feature, adding warmth by using the light's proprietary red LED's to warmer color temperature from 5000 Kelvin, to 4000K, 3700K & 2700K.

Brightness output can also be adjusted to 6000 lumen, and 6000 lumens with Color Boost (4000K Color temp.), 3000 lumen, 1500 lumen, and Red-only "Stealth" mode, while the two red LEDs alone are perfect for night dives.

Red LEDs
5000+ lumens
120° beam

Sea Dragon 2300F Photo/Video Light

Item SL682

The Sea Dragon 2300F uses the latest LED technology to create a favorable color rendering that simulates natural sunlight with a color temperature of 5000K and a generous beam angle. This is a perfect combination for compact digital and all popular action cameras. The 120° beam is ideal for cameras with a wide field of view. Depth rated down to 330 feet/100 meters. 80 minute run time at full power.

Includes micro tray, grip, 25Wh Li-Ion battery and charger. Also available as light head only (Item SL6821).

2300 lumens
120° beam
Mount Included

Sea Dragon 2500F Photo/Video Light

Item SL671

The Sea Dragon 2500F features large flat panel COB LED technology, bringing out amazing colors in underwater photos and videos. With a Color Rendering Index of 90 (100 CRI is like natural sunlight), the Sea Dragon 2500 solves the issue of muted colors in underwater photos and videos. The wide 120° beam ensures maximum lighting coverage and is ideal for cameras with a wide shooting angle like the Sealife Micro-series or RM-4K cameras. 60 minute run time at full power.

Includes single tray, grip, 25Wh Li-Ion battery, charger and case. Also available as light head only (Item SL6712).

2500 lumens
120° beam
Mount Included

Note: The beam angles for the Sea Dragon lights are shown as the true, tested "in-air" (above water) beam angle. Due to light refraction, the angle tightens to approximately 33% less in water. E.g. A topside or in-air beam angle of 120° will be 90° underwater.

Illuminate darkness with vibrant colors when you add the Sea Dragon

Bring brilliant, vivid color into your underwater photos with Sea Dragon Lighting Sets

Duo Lighting Sets

Sea Dragon Duo 10K+ Color Boost Set Item SL695

Combining two Sea Dragon 5000+ light heads over the roomy Flex-Connect Ultra Dual Tray, the Sea Dragon Duo 10K+ Color Boost light set is the ultimate solution for both stills and videos with up to 6,000 lumens per light with adjustable color temperature from 5000 Kelvin to 4000K, 3700K and 2700K. The set includes two Flex-Connect grips, two neoprene light covers, and the Sea Dragon Pro Duo travel case, plus everything you need to get started.

Sea Dragon 10K+ Color Boost Set

Red LEDs Mount Included

Sea Dragon Pro Dual Beam Photo-Video Light Item SL679

The compact Sea Dragon 3000SF Pro Dual Beam Photo-Video light has a large COB LED, delivering 3000 lumens in an even 120° wide beam. The light offers an impressive 90 CRI (color rendering index) with a proprietary COB LED array that replicates natural sunlight (A CRI of 100 would be just like natural sunlight). With a simple one-button push, the underwater photographer can switch from the wide 120° beam to a narrow 1500 lumen 15° spot beam. For imaging, the spot beam offers many creative opportunities such as to create a narrowly focused snoot or stage spotlight effect.

Red LEDs Mount Included

Includes Flex-Connect single tray, grip, 25Wh Li-Ion battery, charger and case. Also available as light head only (Item SL6791).

Sea Dragon Duo 5000F Light Set Item SL989

The powerful Sea Dragon Duo 5000F underwater lighting set packs an astounding 5000 lumens using two Sea Dragon 2500F COB LED lights mounted on a Flex-Connect Dual Tray. The ergonomic grips increase camera stability while the dual lights increase beam angles even further. Includes Pro Duo Travel Case.

Sea Dragon 2500 x 2

Mount Included

Sea Dragon Duo 6000 Color Boost Set Item SL694

The Sea Dragon Duo 6000F underwater lighting set packs an astounding 3000 lumens using two Sea Dragon 3000 COB LED lights mounted on a Flex-Connect Dual Ultra Tray. The ergonomic grips increase camera stability while the dual lights increase beam angles even further. Includes Pro Duo Travel Case.

Sea Dragon 3000 Color Boost x2

Sea Dragon compact dive lights

Mini 1200 & 1600 Dive Lights

Mini 1200
Item SLKIT12 / SL657

With amazing brightness and a narrow focused beam, the new Sea Dragon Mini Dive Lights are compact and lightweight, yet they offer big light performance and can be used as both a primary and secondary underwater dive light.

Featuring 1200 or 1600 lumens, all light functions are easily accessible with one handed operation to cycle through five light modes.

The light's outstanding features include a new Luminus SFT-40 LED and ultra tight beam angles of 8° (1200), 6° (1600), 6° and 4.5° respectively underwater making the powerful lights capable of reaching long distances with minimal diffusion.

The **Sea Dragon Mini 1200** runs for 4.4 hours with a 18650 rechargeable Li-ion 2600mAh battery at quarter power, 2.2 hours at the half power setting, and 1.1 hours at full power.

BOLD NEW FEATURES

All Sea Dragon Mini Lights include two spare O-rings and O-ring lube.

Power and mode button also with level indicator illuminates from green, to amber, to red when batteries are depleted.

The **Sea Dragon Mini 1600** runs for 4 hours with a 18650 rechargeable Li-ion 3500mAh battery at quarter power, 2 hours at the half power setting, and 1 hour at full power.

The compact grip features an integrated safety pressure release valve that relieves internal pressure built-up in the event of a battery malfunction.

Mini 1600
Item SLKIT13 / SL658

QUICK TOUCH INSTANT ON

To conserve power, the Mini lights, when enabled also offer a "instant on" feature that turns the light on and off with just a quick touch.

Laynard Attachment

Item SLKIT12: Includes Sea Dragon Mini 1200 Dive Light, Laynard with BCD Clip, 2600 mAh 18650 Li-Battery, 18650 USB Battery Charger

Item SL657: Includes Sea Dragon Mini 1200 Dive Light, Laynard with BCD Clip

Item SLKIT13: Includes Sea Dragon Mini 1600 Dive Light, Laynard with BCD Clip, 3500 mAh 18650 Li-Battery, 18650 USB Battery Charger

Item SL658: Includes Sea Dragon Mini 1600 Dive Light, Laynard with BCD Clip

Both Sea Dragon Mini Dive Lights offer an optional YS Light mount (SL98104) for mounting to a camera cold shoe, or to grips & arms.

Run times can be extended substantially with an optional 4000mAh 18650 rechargeable Li-ion battery.

The Fluoro Experience

800
lumens
65° + 15°
beam + spot

The Fluoro-Dual Beam includes barrier filters to filter out the residual presence of blue color emitted by the light.

Sea Dragon Fluoro-Dual Beam

Item SL673

The **Sea Dragon Fluoro-Dual Beam** emits a powerful blue light and has an integrated dichroic filter, creating the optimal light wavelength to excite underwater life. Switchable beams quickly adjust with the push of a button from blue fluoro 65° flood to white 800 lumen 15° spot.

Flex-Connect is the fastest and easiest way to connect lights and accessories to underwater cameras. You'll love the balanced feel and comfort

flex-connect®

Universal Trays, Mounts, Grips and Flex Arms

Built with fiber-reinforced polycarbonate and marine grade stainless steel for maximum holding strength, Flex-Connect easily "clicks" into place, underwater or on land, and can be disassembled with the push of a button. Best of all, you'll notice a very comfortable, stable and balanced feel of your camera set.

Flex-Connect allows you to transform your camera from compact to full-featured in just seconds, a quick and easy way to adjust to any dive environment.

Adapter for Action Cameras

Item SL996

Mount a GoPro® to Flex-Connect accessories. Ideal for mounting an action camera directly above your DC-series or other underwater camera using the **Flex-Connect SL991 Cold Shoe Mount** (pictured).

Enhance your underwater photography with **Flex-Connect** Trays, Mounts, and Flex Arms to easily expand your camera set

flex-connect®

Flex Arm

Item SL9901

Put light exactly where you want it. Flex Arms feature 100° of bending motion, and add 7 inches of length. The arms articulate quietly and up to two can be combined for added length.

Add up to two
Flex Arms per side

Handle

Item SL998

Use a powerful Sea Dragon Light as a handheld dive light by connecting it to the ergonomic Flex-Connect Handle.

The base features stainless 1/4-20 threads to attach a D-ring for a lanyard, or mount a camera.

YS Adapter

Item SL994

Connect any underwater light or flash that uses a YS Mount to Flex-Connect accessories including Flex Arms, Grips, Trays, and Cold Shoe Mount.

Ball Joint Adapters

Connect Sea Dragon lighting and Flex-Connect accessories to any underwater camera using a standard 1"/25mm ball joint mounting system, or connect any brand light with a ball joint mount to Flex-Connect accessories.

8"/20cm Rigid Ball Arm

Item SL9909

Rigid, 8"/20cm anodized aluminum 1-inch ball arm. Fits to 1"/25mm ball clamps for a rigid mounting solution. Use with SL9907 clamp and SL995, SL999 ball joints.

Single Tray
Item SL9903P

Micro Tray
Item SL9902

Dual Tray
Item SL9904

Ultra Dual Tray
Item SL9908

The Single and Dual tray are wide enough to accommodate almost any camera or housing, while the compact Micro Tray is perfect for adding light and stability to your ultra-compact or action camera.

AquaPod Mini

Item SL912

The SeaLife AquaPod Mini allows you to shoot from creative angles, capture close ups at a safe distance, and take self-portraits. The AquaPod Mini extends from 15.5in/39cm to 38in/97cm. It fits all cameras with a standard tripod mount and includes an adapter for GoPro® cameras.

Carry your gear
with Ease and
Comfort

SeaLife Photo Pro Backpack

Item SL940

Fits a camera & housing with several lights or strobes, such as the Micro 3.0 5000 Duo Set, lenses, batteries & charging accessories.

Separate pocket for a tablet or small notebook PC, and deep side pockets.

For divers who want a camera case that travels well, and is compact enough to fit into the overhead bin or under the seat in small island-hopping commuter aircraft. The SeaLife Photo Pro backpack offers a complete storage solution for your photo gear. Featuring a waterproof interior to keep surrounding compartments dry and to keep moisture out.

Sea Dragon EVA Case

Item SL942

Thermo-molded EVA case for your camera, light and other accessories. Protective, yet compact. Designed to hold your essential gear and easily fit into your luggage or carry-on bag.

Sea Dragon Pro Dual Case

Item SL935

The soft SeaLife Pro Duo Case is designed to carry and protect your SeaLife underwater camera or housing, with two photo-video lights, and more. Thick half inch (13mm) padding on all sides securely protects the contents. For complete dimensions and details on SeaLife Cases, visit us online.

SeaLife Lenses

SportDiver Wide Angle Dome Lens

Item SL053

The 6"/15cm Wide Angle Dome Lens for the SeaLife SportDiver underwater smartphone housing increases the phone's camera lens field-of view by 40% and allows photographers to get closer to the subject while fitting everything into the image frame. Due to the large lens surface, above/below split images are easy. The lens mounts directly to the SportDiver housing's lens port without a lens adapter. Fits both SportDiver and SportDiver Ultra models.

Close Up Lens for Micro Series Cameras

Item SL572

This +10 Diopter Close Up Lens cuts the close focus range to less than half (approximately 6"-24" or 15cm to 60cm). Features a single element optical grade wet lens with anti-reflective coating and anodized aluminum construction surrounded by a durable rubber press-on lens mount. Includes safety lanyard and protective pouch. Fits all SeaLife Micro-series and ReefMaster RM-4K camera models.

SportDiver 52mm Wide Angle Dome Lens

Item SL054

The SportDiver Wide Angle Dome Lens attaches to the SportDiver housing with its 52mm thread mount to the SportDiver SL081 Lens Adapter. The 4-element optical lens also mounts to other underwater cameras and housings using the 52mm thread mount. The increases the phone or camera's field-of-view by 43% and allowing photographers to get two times closer to the subject.

Super Macro Lens for Micro Series Cameras

Item SL571

The Super Macro Lens captures the intricate details of your photo and video subjects from 3.5" to 7" (9cm to 18cm). Features 2-element optical glass wet lens with anti-reflective coating and anodized aluminum construction with rubber press-on lens mount. Includes two removable focus distance sticks, safety lanyard and protective pouch. Fits all SeaLife Micro-series and ReefMaster RM-4K camera models.

SportDiver 67mm 6+ Macro Lens

Item SL576

Capture sharp, detailed close-ups of tiny sea life. The 67mm +6 Macro lens works with SportDiver Lens Adapter (SL081) and other underwater housings/cameras with a 67mm lens port. The lens offers a close focus of 2"/5cm or less, depending on the camera lens used. Fully multi-coated optics for maximum light transmission. The Macro lens can be attached/removed while underwater. The lens includes a front and rear lens cover and a padded mesh protective pouch.

Micro Wide Angle Dome Lens

Item SL052

The SeaLife Micro-series Wide Angle Lens increases the camera's field of view by 43% and allows for 3x closer shooting distance. For the SeaLife Micro 3.0, the lens angle is increased from 100° to 143° and shooting distance is reduced from 15"/38cm to 5"/13cm. The 0.7x dome lens high-grade optical design improves overall image quality and edge sharpness. Fits all SeaLife Micro-series and ReefMaster RM-4K camera models.

Lens Adapter for SportDiver

Item SL081

The SportDiver Lens Adapter allows 67mm and 52mm threaded lenses to be mounted to the SportDiver smartphone housing's lens port. The adapter lets underwater photographers expand their macro and wide-angle creativity by allowing most aftermarket lenses to be used with the SportDiver Smartphone housing. Fits both SportDiver and SportDiver Ultra models.

Lens Caddy for Micro, ReefMaster & DC Lenses

Item SL091

The SeaLife Lens Caddy mounts SeaLife DC, Micro and RM-4K series lens to a camera or tray using the standard 1/4-20 tripod screw or to any grip/arm up to 1.8" (45mm) in diameter using a sturdy hook & loop nylon strap. The Lens Caddy holds any DC series lens, or Micro and RM-4K series lenses SL052, SL571, SL572.

Accessories

SportDiver Color Filters

Item SL40007 (Red), Item SL40005 (Yellow), Item SL40003 (Magenta)

Removable underwater color-correction filter for the SportDiver that restores natural underwater colors. The Red and Yellow filters are designed for blue water conditions when not using an external light, or when using with a Fluoro light. Magenta Color-Correction Filter for green water color conditions. Filters also fit SportDiver ULTRA Housing.

Sea Dragon Red Fire Filter

Item SL9832

Aids in underwater navigation in darkness so to keep the eyes aware and dilated, this feature also prevents frightening nocturnal sea creatures. Presses on/off underwater and works with all Sea Dragon Lights with 1200 or more lumens (Not for imaging or Sea Dragon 4500/5000).

SeaLife Gear Retractor

Two sizes for compact cameras & compact lights; and large size for larger cameras, housings and lights. The retractors offer a quick-release clip feature that lets you quickly remove the attached device. **SL925: 32"** (81cm) with 9oz. (255g) retraction force. 60lb. (27.2kg) breaking strength. **SL926: 42"** (107cm) with 12oz. (340g) retraction force. 80lb. (36kg) breaking strength.

Universal Float Strap

Item SL920

Floats all SeaLife cameras as well as most other brands of waterproof cameras and other portable waterproof devices. Recommended for the negatively buoyant Micro Series and RM-4K cameras.

Screen Shield™ Screen Protector

Items SL5012 (2.4"), SL4005 (6.8"), SL4056 (7.1")

Waterproof screen protector (2 ea.) for the Micro 3.0, SportDiver Housings, and other cameras with a screen size of 7.1", 6.8", 2.4" or smaller. The nano coating repels water and keeps the screen free of fingerprints while protecting against scratches.

Moisture Muncher

Item SL911, SL911E

Moisture Muncher capsules fit inside SeaLife underwater cameras and smartphone housings and absorb remaining internal moisture. Each tube absorbs its own weight in moisture; when the crystals turn from blue-to-pink (SL911) or orange-to-green (SL911E), full absorption has been reached. Each package contains ten (10) 1.5g capsules containing color indicating silica gel.

25Wh Li-ion Battery for Sea Dragon 1200-3000

Item SL9831

Rechargeable lithium ion battery (3400mAh, 7.4V 25Wh) for Sea Dragon 1200, 1500, 2000, 2100, 2300, 2500, 3000, Pro Dual Beam Photo/Video Lights, and Fluoro-Dual Beam. Includes protective cap.

18650 4000mAh Li-ion Battery

Item SL9823

XTAR 18650 3.6V 4000mAh Li-ion rechargeable battery for Sea Dragon Mini 1600, 1200, 1300S, 1000F, 900S, 650S/F, Fluoro and other brands adds approximately 20% additional run time over 3500mAh 18650 cell.

18650 USB Mini Charger

Item SL9825

Charges 18650 and other Li-ion batteries. Connects to any 5V USB wall charger. Displays charging status and current. Ultra-compact design for easy travel. Includes USB cable and storage pouch. Battery not included.

50Wh Battery for Sea Dragon 4500F, 5000F, and 5000+ Lights

Item SL67510

Rechargeable lithium ion battery (3400mAh, 7.4V 50Wh) for Sea Dragon 4500F, 5000F, and 5000+ Lumen Lights.

Buoyancy Control

Items SL934, SL931

If you need some extra lift, choose the Buoyancy Float Rings (SL931 – 4 rings) – each ring adds 4 ounces (113g) of lift. To reduce buoyancy, use the threaded stainless-steel weights (SL934 – weights) with 6.6 oz. (187g) reduction each.
